DIAGRAM FOR PLANTING BULBS

The real secret of successful bulb culture lies in lying the very best bulbs. Months of daily care ay be lavished upon an ordinary Hyacinth, and

may be lavished upon an ordinary Hyacinth, and the result will be disappointing; and again there is no comparison between the pleasure one gets out of a bulb that bears one Daffodil and a bulb that produces three to five golden trumpets.

The other secret of bulb culture is to get a wonderful root growth before the stem begins to shoot up; light soil, plenty of water and a cool, dark place will accomplish this. Our bulbs are imported direct by us; are solid, heavy and possess the hardiness to resist wet and cold. We handle only the best varieties of each kind.

In the garden no single class of plants affords the pleasure that the hardy, spring-flowering bulbs do, but during the fall, as we see our summer favorites one by one failing and fading, we are liable to forget that this is the time to plant our bulbs in the garden for early spring blooming, and also to prepare our window gardens in the house for flowers during the winter months.

12 CHOICE BULBS POSTPAID FOR \$1.35

land about September 15th. The best time to order is just as soon as you receive this catalogue; then your order will be filled as soon as bulbs are received. Orders filled in rotation upon arrival of stock, and if yours is on file you are sure to receive choice fresh bulbs and get your order in full. Sometimes stock exhausted later in fall is and some items cannot be supplied to late customers. Please use the order sheet,

venient for us in filling orders. Terms are invariably cash with order, as we keep no book accounts in our mail order department, and the expense of sending goods C. O. D. is quite large. Postage stamps received as cash.

OUR PRICES.—Our constant aim is to make the highest quality the first consideration, and next to put our prices as low as good stock can be sold.

CHARGES PREPAID .- All Bulbs and Plants, except those noted, are sent pre-paid by mail or express by the quickest and most direct routes unless ordered otherwise, and we guarantee their safe

HYACINTHS

The Hyacinth is undoubtedly the "Queen of Bulbous Flowers." It has been improved for centuries and there are thousands of varieties, but after personal inspection of the fields in Holland we offer the following named varieties as being suited for general culture and believe they will give satisfaction. They are not only beautiful in form and color, but are exceedingly fragrant so that only a few flowers will fill a room with perfume.

FOR INDOOR PLANTING.—In Glasses.—Fill glass with pure soft water until the water touches bottom of the bulb, drop in a piece of charcoal to keep water from fouling, and place glass in a cool, dark place until the roots nearly fill the glass. Change the water if necessary to keep it pure. When fully established bring to light and sunshine. In Pots.—Use compost of sand, well-rotted cow manure and garden mould in equal parts. Plant one bulb in a four-inch pot. Set in cool, dark place about four weeks then bring to light and sunshine.

FOR OUTDOOR PLANTING.—Make beds a foot in depth, of compost outlined above, raised slightly above the surrounding surface for drainage. Plant bulbs six inches apart and when ground freezes cover with a few inches of leaves or coarse manure.

Iowa Seed Company's Best Named Varieties

The bulbs offered on this and the following page are the best produced. Only a comparatively few of the great quantities grown in Holland are good enough for this list. They are selected not only for extra large size, but they must be sound, solid and perfectly matured. No other dealers in this country offers better bulbs than our selection, and you will not get anywhere as great value. Our price is as low as quality justifies.

LA VICTORIE.—The brightest of red hyacinths. It is a rich shade of scarlet unusual among hyacinths. Red is always the emost popular color in flowers and this variety will certainly give satisfaction. The spikes are large and very fine, so that it will please in every way. Each 15c; 6 for 85c; doz. \$1.65.

MARIE.—This is a striking shade of rich purplish blue, distinct among blue hyacinths. Contrasts splendidly with La Victorie. It only needs one or two of these to afford all the color needed in a large collection. Habit and manner of growth is splendid, sturdy and compact. Each 15c; 6 for 85c; doz. \$1.65.

GERTRUDE.—This is perhaps the most popular variety owing to its bright, pleasing color, large sized truss of bloom, and robust growth. It is a bright red, and the illustration shows the beauty and symmetry of a well grown flower. Will frequently produce two fine flowers from one bulb. Each 15c; 6 for 85c; doz. \$1.65.

GRAND MAITRE.—Grow the largest spike of any. They are very striking because of size and the deep, bright blue color of the flower. Specially recommended for indoor growing where it will be wonderfully decorative. Each 15c; 6 for 85c; doz. \$1.65.

QUEEN OF THE PINKS.—The color of this flower is deep, bright, pleasing pink. The spikes are very large, and the bells or florets are much larger than the ordinary sorts. It is a very lovely and desirable sort. You will certainly be pleased with this variety. Each 15c; 6 for 85c; doz. \$1.65.

LADY DERBY.—This is a flower of delicate rose pink, altogether lovely. It is such a soft, dainty shade that it is universally admired. A st

RAINBOW HYACINTH COLLECTION

We offer this to our friends as the choicest bargain in hyacinths for indoor planting or for outdoors where a few choice flowers of different colors are desired. There are seven varieties, each a different shade, ranging from pure white to deep blue. Specimen flowers are shown in the illustration on this and preceding page, but we cannot show the actual colors in a black and white photograph. The bulbs offered are extra large size, selected for soundness and are first class in every respect. For the painstaking amateur no collection in this catalogue will afford so much satisfaction. It may be used in lieu of our window box collection offered on the inside front cover but we specially recommend them for specimen plants, each one to be planted in a four or five-inch pot.

L'INNOCENCE, pure white—recognized as the best white.

LADY DERBY, soft rose pink or blush white—dainty.

QUEEN OF THE PINKS, bright pleasing pink—a most lovely color.

GERTRUDE, bright red—the most popular color in hyacinths.

CITY OF HAARLEM, bright golden yellow—rich and rare.

QUEEN OF THE BLUES, the most popular light blue variety.

GRAND MAITRE, a bright blue, a beautiful large flower.

SEVEN CHOICEST BULBS-SEVEN COLORS-POSTPAID FOR \$1,00.

Iowa Seed Company's Best Named Varieties

LA INNOCENCE.—Earlier to bloom than most sorts. Blooms are large, close growth, pure white, symmetrical and is always satisfactory. Generally accounted the most popular of the white hyacinths, and a favorite with Holland growers because of general excellence. Each 15c; 6 for 85c; doz. \$1.65.

LA GRANDESSE.—A splendid snow white flower of extra large size. Spikes are very long. The illustration shows its general form but is reduced so that it does not appear as large as the other illustrated sorts, although in fact it is really larger than most of them. Each 15c; 6 for 85c; doz. \$1.65.

MADAME VAN DER HOOP.—This is a beautiful creamy, waxy white blossom of large size, fine form and wonderful fragrance. It presents a rich attractive appearance and harmonizes extra well with pink and light red sorts. You will be pleased with it either in the house or out of doors. Each 15c; 6 for 85c; doz. \$1.65.

CITY OF HAARLEM.—The best of the yellow hyacinths. Very few of the so-called yellow sorts are desirable, but this variety will be satisfactory. The color is clear, bright golden yellow. Extra large truss with round dome-like top. See illustration above. Each 15c; 6 for 85c; doz. \$1.65.

yellow sorts are desirable, but this variety will be satisfactory. The color is clear, bright golden yellow. Extra large truss with round dome-like top. See illustration above. Each 15c; 6 for 85c; doz. \$1.65.

QUEEN OF THE BLUES.—A beautiful shade of porcelain or light blue. This description cannot convey the real beauty of the flower. It is perfect in form, compact in habit with large spikes, and so delicate and lovely is the color that it will be your favorite. Each 15c; 6 for 85c; doz. \$1.65.

KING OF THE BLUES.—A bold, strong flower of great size and because of its dark color it always attracts attention. It is the darkest shade in hyacinths; a deep blackish purple; valuable for contrast among the lighter kinds. Each 15c; 6 for 85c; doz. \$1.65.

FIRST-GRADE BEDDING HYACINTHS

BEDDING HYACINTHS

Choice Named Sorts in Separate Colors

Postage paid by us.

To those who do not wish to pay the highest price for best named Hyacinths, we especially recommend this grade for both house and garden culture. They are all large choice, selected bulbs and will produce large, symmetrical trusses; especially fine for bedding. They are not so desirable for special planting as the named kinds, but they are first quality in every respect and where approximate color is required they are fine. is required they are fine.

Hyacinths are graded in Holland by the growers into four grades, and the poorest are sold to bargain makers, cheap stores, and others. We do not handle such stocks but confine our offerings to the two first grades. The bulbs here offered are better than most hyacinths sold for bedding purposes.

	Each	Per Doz.	Per 100

ECONOMY COLLECTION

One each of the ten named "Dutch Roman" Hyacinths as listed

below. Postpaid for

MINIATURE HYACINTHS "DUTCH ROMANS"

These are the same in habit, form and color as our best named Dutch Hyacinths described on page 4. They are offered by many houses as Dutch Romans, but they are true Hyacinths. The bulbs are about as large as white French Romans, being 12 to 15 centimetres in diameter, or half the size of our first grade named hyacinths. The blossoms are in keeping with the size of the bulbs and while the spikes will not be so large as the best named hyacinths, still the blossoms will be of perfect shape, fine in fragrance, and will delight the grower. Owing to the smaller sizes of the bulbs they may be planted 3 in a six-inch pot or 5 in an 8-inch pan, but if planted in beds out of doors should be set no farther than four inches apart.

BARONESS VAN THULL—Color a good white: very large flow-

BARONESS VAN THUYLL.—Color a good white; very large flowers; borne on a splendid spike. Early. Each 8c; doz., 80c, postpaid.

LA GRANDESSE.—Finest single white, large spikes and bells. Color a clear waxy-white. Each 7c; dozen 70c, postpaid.

LA VICTORIE.—This is a bright red single Hyacinth of great mer-the color is a rich, even shade of bright red. Each 8c; dozen

c, postpaid. GIGANTEA.—A popular variety with greenhouse growers, color blush pink, shaded darker. Spikes are large and flowers single compact. Each 8c; dozen 80c, postpaid.

KING OF THE BLUES.—Dark indigo blue; one of the best of the single Hyacinths, and a splendid forcer or bedder. Each 8c; dozen

single Hyacinths, and a splendid forcer or bedder. Each 8c; dozen 80c, postpaid.

GERTRUDE.—Single flowered deep pink or red. A lighter colored and larger flower than the La Victorie and because single flowered Hyacinths are generally preferred over the double ones this is the most popular variety of all the miniatures. Each 7c; dozen 70c.

LHNNOCENCE.—Like its namesake in the large Dutch Hyacinths, this is the best single white flowered variety, and no other Hyacinth except possibly the white French Romans, equals it in purity, fragrance and elegance. Each 8c; dozen 80c.

QUEEN OF THE BLUES.—A blue Hyacinth of a fine, bright shade such as this one cannot fail to please every flower lover. It is single flowered, producing fine blooms, which, while not extra large, are peculiarly lovely in form and color. Each 8c; dozen 80c.

GRAND MAITRE.—Rich deep lavender blue, shaded darker; a very popular sort. Splendid for pots or beds. Each 8c dozen 80c YELLOW HAMMER.—Rich yellow color; it is one of the few good sorts of its color. Fine spike and bells single. Each 8c: dozen 80c

SINGLE EARLY TULIPS

TRIAL COLLECTION OF SINGLE EARLY TULIPS

One Dusart, One Yellow Prince, One Cottage Maid, One LaReine (White Queen), One Keiserskroon, five fine bulbs, five different colors, postpaid for 30 cents.

FOUR COLLECTIONS --20 BULBS-- FOR \$1.00 POSTPAID.

NAMED VARIETIES SINGLE EARLY TULIPS

ARTUS.—A splendid flower of dark scarlet. Not so bright in color as Belle Alliance but a richer shade. Height 9 inches,
second early. Each 6c; doz. 60c; 100 for \$5.
BELLE ALLIANCE.—The best, highest
priced and most popular scarlet tulip. A
brilliant blossom. Height 9 inches, second
early. Each 7c; dozen 75c; 100 for \$6.00.
COLEUR CARDINAL.—Rich, glittering
cardinal red, a grand variety; it is unrivaled for late forcing and for bedding. Each
10c; dozen \$1.00; 100 for \$8.00.

COTTAGE MAID.—A beautiful and attractive flower which cannot be portrayed in black and white. It is bright pink suffused white in center of petals. Among the last to bloom of the early tulips and rather dwarf. A splendid sort for solid bed. Each 7c; dozen 75c; 100 for \$6.00.

CRAMOISE BRILLIANT.—A lighter shade than Belle Alliance or Artus, being bright vermillion red. A flaming color especially attractive in borders or among herbaceous plantings or shrubbery. Beautiful for solid color effects. Second early, 9 inches high. Each 7c; dozen 75c; 100 for \$6.00.

ORA.—Probably the best pure yellow second

plantings or shrubbery. Beautiful for solid color effects. Second early, 9 inches high. Each 7c; dozen 75c; 100 for \$6.00.

CHRYSOLORA—Probably the best pure yellow second early tulip for bedding. Offers splendid contrast with Coleur Cardinal, blooming about the same time and growing about same height. Each 7c; dozen 75c; 100 for \$6.00.

DUCHESS OF PARMA—A second early variety, growing 9 or 10 inches tall. Peculiarly attractive flower of orange yellow, shading to terra cotta, with flery yellow and brown markings; the whole making a composite flower of great beauty. Will be specially attractive as an indoor bloomer. Each 7c; dozen 75c; 100 for \$6.00.

DUSART.—Intense cardinal red; extra fine and brilliant. Each 7c; dozen 75c; 100 for \$6.00.

GOLDEN QUEEN.—The finest golden yellow; flowers very large, of globular shape. Ea. 9c; doz. 90c; 100 for \$7.00.

KEISERSKROON.—(See cut.)—Probably the most popular variety for bedding. Flower is bright as to instantly attract attention. Grows tall, blooms medium early and is of strong, robust habit. Desirable for shrubbery or border planting as the placed it on a level in price with other and cheaper sorts. Bulbs are large and heavy. Each 7c; doz. 75c; 100 for \$6.

LA REINE—The best white, second early variety, growing 9 inches high. More of these are forced than any other sort and they are produced in immense numbers by the Holland growers. They make a splendid sort to contrast with Coleur Cardinal or Belle Alliance. Each 6c; dozen 60c; 100 for \$5.00.

PINK BEAUTY.—Large cup-shaped flowers; brilliant rose and pink with white base and yellow throat, feathered white up center of each petal. Each 10c; dozen \$1.00; 100 for \$5.00.

PRESIDENT LINCOLN.—(Queen of the Violets.)—A pretty shade of light violet; very beautiful and showy. Each 10c; dozen \$1.00; 100 for \$5.00.

ROSE GRIS-DE-LIN.—Similar to Cottage Maid in tints, but a little brighter in color. It is earlier and more dwarf than that variety, blooming at not over 6 inches high. Popular in Europe because of this habit. Not

SPECIAL MIXTURES OF EARLY TULIPS

We offer two grades of tulips in mixtures of all colors. Our first grade or "Best" are mixed by ourselves. To make this mixture we buy large quantities of the best named varieties and take equal numbers of each to secure the widest range of color from the best and most perfect bulbs. We are careful to select varieties that grow to similar height and bloom about the same time. If a wide range of types and colors are wanted we recommend our "Fine" mixed grade, which are grown for us in Holland. The mixture contains many varieties and types, which we do not list separately. We pay the postage. Real bargains are offered in both our "Best" and "Fine" mixed tulips.

Fine Mixed Single Tulips—Per dozen 40c; 100 for \$3.00 Fine Mixed Double Tulips—Per dozen 50c; 100 for \$4.00 Best Mixed Single Tulips—Per dozen 50c; 100 for \$4.00 Best Mixed Double Tulips—Per dozen 60c; 100 for \$5.00

EARLY FLOWERING DOUBLE

These are not so popular for bedding as the single flow-ered sorts but the individual flowers are striking in form, size and color, and are greatly liked for vases and interior decoration. Grown in borders or in clumps among shrubbery they are really fine. We only list a half dozen named varieties but they are the best in each division and we give you a very nice diversity of color. The bulbs we offer are carefully selected and are the best obtainable. They are large, strong and well matured, and will produce splendid flowers.

SCHOONOORD.—Color a pure snow-white. It is considered the finest double-white. Each 9c

is considered the nnest works.

dozen 90c; 100 for \$7.00.

MURILLO.—(Albino.)—Blush white, shaded rose. One of the daintiest of tulips and one of the most popular varieties. A favorite with florists to handle production. There is hardly the shadeling but it for greenhouse production. There is hardly enough color in it to use alone for bedding, but it will work in nicely with the brighter colored sorts. Each 6c; dozen 60c; 100 for \$5.00.

GLORIA SOLIS.—Of enormous size and very double. A deep crimson bordered with a broad gold band. Each 10c; dozen \$1.00; 100 for \$8.00.

TOURNESOL. A striking flower of orange scarlet with broad yellow tips and yellow base. The most brilliant contrasting shades and will attract attention in any planting or collection. Needs no other kind to make contrast. Each 10c; dozen \$1.00; 100 for \$8.00.

LUCRETIA.—Beautiful deep rose. Extra fine for winter blooming in pots. Each

9c; dozen 90c; 100 for \$7.00.

RUBRA MAXIMA.—Dazzling ruby-red, face of petals green. Very large flowers, fine for forcing or bedding. Each 7c; dozen 75c; 100 for \$6.00.

We offer here both the single and

We offer here both the single and double uowered tulips for bedding purposes.

If you intend to plant liberally you will find it advantageous to buy from this list. An ordinary round bed, 5 feet in diameter would require 250 bulbs, and 6 feet diameter should have 300 bulbs, to plant it properly. A square or oblong bed can be estimated by allowing ten bulbs for each square foot of space and six to eight bulbs per square foot will be about right for ribbon beds or borders.

will be about right for ribbon beds or borders.

These estimates are for solid beds where lots of color is wanted and is based on planting closely together (4 inches); but they may be planted 5 inches apart, which will reduce the estimates about one-fourth.

DARWIN TULIPS

These originated as seedlings of some of the Bybloom tulips in the north of France, were adopted by Holland planters and named "Darwin" after the great naturalist of that name. They are unusual among tulips for the clear colors, substance and lasting quality of the blooms, and the strong, robust growth of the entire plant. They come into bloom in May, if planted outdoors, and by keeping them covered until all the frost is out of the ground they may be had in bloom as late as June 1st, especially if planted in shaded situations or among shrubbery and herbaceous borders. Grown indoors they may be bloomed in March and are splendid for this purpose if kept cool and only allowed to grow slowly. The flowers are models of form, and cover a great variety of both dainty and richly brilliant coloring, ranging from white, through blush, pink, rose, salmon red and crimson to rich ox-blood reds; from lavender, through mauve, and light blue to violet and purple; from light brown through various brown shades to maroon and black. In nearly all of them the centers of the flowers are distinctly and beautifully marked. They are now the most popular type of tulip and because of immense demand the price is higher than for the common early kinds. They are not costly, however, and their wondrous beauty will repay you for your trouble. their wondrous beauty will repay you for your trouble.

TRIAL COLLECTION DARWIN TULIPS

One each Clara Butt, Farncombe Sanders, White Queen, Sultan, Nau-ticus and Harry Veitch. Six choice varieties all differ, ent, strong growing and splendid colors.

Postpaid Only 50c

Of for \$7.00.

PRIDE OF HAARLEM.—One of the best. Deep rose color, shading to scarlet and offering the brightest flower of the Darwin list. Grows 18 to 20 in. tall and are splendid in borders, beds or as cut blooms. Each 10c; dozen \$1.00; 100 for \$8.00.

THE SULTAN.—Sometimes offered as the Black Tulip or Tulip Noire. Color is a very dark, rich maroon and it is most striking in mixed plantings or in cut bouquets. Each 10c; doz. \$1.00; 100 for \$8.

BARON DE LA TONNAYE—Vivid pink, margined lighter blush. One of the leading bedders of the

BARON DE LA TONNAYE—VIVID pink, margined lighter blush. One of the leading bedders of the Darwins. The flowers are large, well formed and keep their brightness to the last. The stems are very tall and strong, holding the flowers perfectly upright. Each 9c; dozen 90c; 100 for \$7.00.

MIXED DARWIN TULIPS—A mixture affording a good range of colors and varieties at a low price. Each 6c; dozen 60c; 100 for \$5.00.

DARWIN COMBINATION COLLECTION 100 Bulbs-Your Choice-\$7.00 Postpaid

This is a real bargain offer. You can select any variety in any quantity you desire; the only restriction is, your order must total 100 bulbs. This affords you opportunity to have a splendid bed in any form and combination of colors that suit your taste at a low price. If you do not want a bed, but prefer to use them among shrubbery or permanent plantings it affords the greatest possibility for harmony brid heavy. 100 Bulbs, Your Choice, \$7.00 Postpaid. and beauty.

PARROT TULIPS

Late Tulips are specially valuable, blooming from middle of May till after Decoration Day. Taller than the early varieties; their long, graceful stem and beautifully-formed blossoms place them among our most highly prized spring flowers; keep a long time after being cut.

OLD DUTCH or BREEDER TULIPS

These are self or solid colored late flowering tulips, resembling somewhat the Darwin type, but are preferred by many planters, because they can be allowed to remain in the beds or borders for several years where they multiply and increase. Mixed colors each 7c; doz. 75c; 100 for \$6.00.

BYBLOOM TULIPS
Large, late May-flowering Tulips; extra large flowers on tall stems. The ground coloring of these is white with stripes, blotches and markings of crimson, pink, scarlet, rose, violet, lilac and shades of blue. Striking and effective for late flowers and especially fine for cut flowers because of contrasting colors. Mixed colors each 7c; per doz. 75c; per 100 \$6.

BIZARRE TULIPS

Similar in habit and manner of growth to the Byblooms but the ground color of the flowers is yellow. Harmonize finely with the above and are even more striking in appearance and brighter in coloring. Each 7c; per dozen 75c; per 100 \$6.00.

LATE MIXED TULIPS

This mixture contains Darwins, Byblooms, Bizarres, Cottage Garden, Parrots and many other types of late blooming tulips and are recommended for borders among shrubbery or for planting among hardy perennials for permanent beds. They will be interesting and attractive because of the wide diversity of types and variety of colors. Dozen 70c; 100 for \$5.

PARROT TULIPS

These are late flowering tulips of striking and fantastic forms. Flowers are large and the illustration gives but a general idea of the odd, yet beautiful form of the blossoms. They bloom during May usually and can be had in full bloom on Memorial Day by keeping them covered late in spring. We offer in these a splendid mixture of colors which will produce striking and showy effects. A bed of these in bloom is truly beautiful and every garden should have them. Each 6c; dozen 60c; 100 for \$5.00.

MAY FLOWERING OR COTTAGE GARDEN TULIPS____

The most popular strain of Tulips at the present time because they are per-fectly hardy and can be planted among hardy herbaceous beds and borders where hardy herbaceous beds and borders where they may be allowed to remain without being disturbed for a number of years. They present all the shades and markings found in the other classes of Tulips; are late flowering and will certainly prove satisfactory.

ISABELLA.—Carmine rose shaded with cream and suffused silvery white. Very beautiful. Each 8c; doz. 80c; 100 for \$6.50.

Beautiful rich scarlet with blue cen-

doz. 80c; 100 for \$6.50.

GESNERIANA SPATHULATA. —
Beautiful rich scarlet with blue center. Very large flower. Tall grower. It should be planted in generous quantity. Each 8c; doz. 80c; 100 \$6.50.

INGLESCOMBE YELLOW. — Immense globular, rich yellow flowers; has been aptly called the "Yellow Darwin," blooming at the same time as the Darwins, and supply the lack of yellow in the Darwin class. Each 8c; doz., 80c; 100 for \$6.50.

INGLESCOMBE SCARLET. —Color a carlet with black base; flowers excep-

brilliant scarlet with black base; flowers exceptionally large. Each 8c; doz., 80c; 100 for \$6.50.

BOUTON D'OR.—Golden yellow, with black anthers; a very showy bedder and excellent for cutting. Deepest yellow Tulip in existence. lozen, 75c; 100 for \$6.00.

Each 7c; dozen, PICOTEE.—Pure white, daintily edged with pink, which suffuses the entire flower as it ages; a beautiful cut flower. Each 7c; doz., 70c; 100 for \$5.00.

COTTAGE GARDEN MIXED .- A wide range of sorts and colors. Doz. 60c; 100 for \$5.00.

READ THIS PAGE CAREFULLY. MANY TYPES OF DELIGHTFUL TULIPS ARE OFFERED

EARLY SPRING FLOWERING CROCUS

This is one of the first flowers that peep through the snow to announce the approach of spring. It should occupy a prominent place in your outdoor plantings. They are extremely lovely, planted in massed beds, and a beautiful and striking bed can be made by massing the yellow, purple and white shades. Mixed and variegated flowers are desirable for group plantings or for scattering through the lawn or in herbaceous borders. The named varieties are effective in pots, but they are only to be planted in this manner if they may be kept in a cool place until midwinter. They will not do well in heated rooms. The bulbs range in size from 1 to 2 inches in diameter and are easily planted in sod or borders with a dibber. As they flower very early they are out of the way before the lawn needs mowing in spring and before the ordinary herbaceous flowers have grown very large. Plant three inches deep and for massing about 2 inches apart. MIXED WHITE.—These will not be all pure white but there will be only a small proportion of color in any one flower, so that the general effect in mass or single planting will be white. Per dozen 25c; 100 for \$2.00.

MIXED YELLOW.—Not so large as Mammoth Yellow listed below, but satisfactory for ordinary planting both as to size of bulb and flower. Useful for quantity planting because of low price. Dozen 25c; 100 for \$2.00.

MIXED STRIPED AND VARIE-GATED.—These will not only be attractive in contrast with other shades but there is so great variation in the mixture that it will make a splendid bed if only this mixture is used. inches apart. Half a dozen bulbs may be planted in a - inch pot. Plant during October or November and keep bulbs in a bulbs in a cool dry place until ready to use them. Our bulbs are did bed if only this mixture is used.
Per dozen 25c; 100 for \$2.00.
MIXED PURPLE AND BLUE.—
Beautiful shades and markings, suitstrong and of select quality and will give able for any planting, but especially effective in masses. Favorites because of unusual colors. Dozen 25c; 100 for \$2.00.

ALL COLORS MIXED.—A good mixture containing the different shades of color found in crocus. Dozen 25c; 100 \$2.00. results with but little labor or expense. en 25c; 100, \$2.00.

CLOTH OF GOLD.—A very fine flower of yellow veined and striped with brown, making an attractive and pleasing contrast. Will be no-ticed in a bed of mixed colors by and pleasing contrast. Will be not ticed in a bed of mixed colors by its oddity. We offer fine, strong bulbs which will produce strong flowers. Per dozen 35c; 100 for \$2.50.

CLOTH OF SILVER,—The ground color of flower is silvery white, with veinings of light veinings of light blue. A dainty blossom and popular popular variety. This and Cloth of Gold make a nice show planted either alternately for color or massed each variety as a part of the bed. Dozen 35c; 100 for \$2.50. M A M M O T H YELLOW. — The VELLOW.— The largest yellow and the largest bulbs. The color is bright, golden yellow and will be striking in any situation. Desirable for every kind of planting and will be especially attractive on the lawn. Dozen 35c; 100, \$2.50.

PRESIDENT LINCOLN.—A handsome deep purple flower and one of the largest varieties. Splendid for contrast massing with white or yellow sorts. Choice bulbs of good size, grown specially for us. Per dozen 35c; 100 for \$2.50.

SIR WALTER SCOTT.—A dainty and beautiful flower of white groundwork, striped and veined light purple. Planted in a solid bed there is enough color to make a pleasing contrast and it goes well in masses of purple or yellow sorts. Per dozen, 35c; 100 for \$2.50.

MONT BLANC.—A fine large, pure white flower flower flower and the large purple of the lar Nos. 1. Cloth of Silver. 2. Sir Walter Scott. 3. Mont Blanc.
4. Mammoth Yellow
5. President Lincoln

EARLY SPRING CROCUS BED 100 Bulbs-All Different-Postpaid \$2.00

Choose your own varieties and quantities of each, but you must order 100 altogether.

NARCISSUS, or DAFFODILS

The narcissus listed on this page are hardy sorts suitable for outdoor growing and can also be used for indoor planting. They can be grown with success in permanent plantings and will continue to flower year after year without attention. Are recommended by the foremost authorities for graamental plantings in borders or shaded situations and give delightful effects in woodland landscapes.

FREESTA

POLYANTHUS NARCISSUS

This class of Narcissus is not hardy in This class of Narcissus is not hardy in the north and we only list the one variety which is most suitable for indoor growing. Thousands of the Paper White variety are grown in greenhouses for the Christmas and winter trade in cut flowers. It is claimed that this type of Narcissus may be grown outdoors with winter protection but we prefer to recommend them only for indoor culture. They are desirable because they are easy to grow and bloom quickly. They make the best specimens if two or three bulbs are the best specimens if two or three bulbs are planted in a six or seven inch pot, but do nicely if planted singly in a four inch pot or may be forced in water in a hyacinth glass.

PAPER WHITE GRANDIFLORA.—This beautiful, graceful variety can be made to bloom in December. There is no more satisfactory bulb for house cultivation; its clusters of snow-white flowers are deliciously fragrant. They are perhaps more largely fragrant. They are perhaps more largely forced for cutting than any other narcissus, tons of them being used for the large flower markets of the world. Remember we pay the postage at the prices here quoted and as the bulbs are large and heavy this is quite an item of saving in cost to you.

First Size Bulbs.—Such as are usually grown by florists and amateurs; of satisfactory size and quality. Owing to partial crop failure in France, where these are grown, we cannot offer Mammoth bulbs, but the ones listed are the best of the crop Each 12c; dozen \$1.35; 100 for \$10.00.

PAPER WHITE GRANDIFLORA NARCISSUS

CHINESE SACRED LILY

CHINESE SACRED LILY

CULTURE.—Being partly aquatic, this plant must have plenty of water. If grown in soil, make it light and sandy, but they are usually grown in vases or dishes of water. Put an inch of gravel in the dish, set the bulbs on this and put gravel around them to keep from falling over; fill dish with water and set in a dark closet for several days until the roots start freely; then bring to light and keep in any ordinary living room. A dozen bulbs started in this way at intervals will give a succession of bloom all winter. The bulbs offered by us are large, solid, and well matured. They can be relied upon to be the true Chinese, and not inferior Bermuda grown stock. Price 30 cents each; 4 for \$1.00.

BEAUTIFUL LILIES

LONGIFLORUM .- (Easter Lily.)-This mammoth white LONGIFLORUM.—(Easter Lily.)—This mammoth white trumpet lily, with flowers 4 to 5 inches long, is one of the best liles for winter blooming, because its grand trumpet-shaped flowers which give forth a delicate perfume, are wonderfully beautiful and expressive. When planted in the open ground thy should be protected during the winter. Manage like Harrisii for indoor blooming. Each 35c; 3 for \$1.00.

CANDIDUM.—The old-fashioned pure white garden lily. Very hardy. Flowers snow white with very heavy stamens and sweet fragrance. Bears from three to twenty blossoms. This variety must be planted in the early autumn to succeed well, as it makes its leaf growth at once after planting and prepares itself for early blooming. It is beautiful set in clumps of about a dozen, or in rows for a permanent border. Each 35c; 3 for \$1.00.

GARDEN ROOTS AND PLANTS

Ready to Deliver about October 1st.

The plants and roots listed below can all be planted in the fall with success, and you can thus save time from rush of spring work by getting them ready for next year in advance. We ship as soon as they are sufficiently mature to transplant successfully and we feel sure they will succeed for you.

ASPARAGUS ROOTS

It pays to have a small bed of asparagus so as to gather it fresh, and when once set, a bed will last many years. Our roots are strong and healthy. We recomroots are strong and healthy. We recom-mend the one-year-old roots as more demend the one-year-old roots as more desireable for general planting than the two-year-old, as well as cheaper. Ask for circular giving directions for planting.

DR. REGAL.—Large, clear lemon yellow. Ea. 25c, doz. \$2.50.

SPECIAL OFFER.—We will send 2 Lemon and 2 Corn and 2 Buttercup Lily bulbs for \$1.00, postpaid.

Floral specialists have given this flower great care and attention, until there are now over a thousand named varieties, many of them curiously beautiful in shape and color. It is truly a noble flower rivaling the rose in brilliancy of color and perfection of bloom, while greatly surpassing it in size and stately grandeur. One writer has well said that the "Paeony fully equals the rose except in poetry, perfume, thorns, bugs and disease." They are of the easiest culture, most vigorous habit, and free from disease and insects. The foliage is rich, glossy and ornamental, even when plants are not in bloom. Many of the newer varieties are quite fragrant and no other flower is so well adapted for large showy bouquets. Plant paeonies this year, plant lots of them in rows, beds or as specimen plants on the lawn. They make a grand show. Fall is the best time to set out the roots and they will then begin blooming the next spring and each year become stronger and better. Plant in September. October, or any time before the ground freezes and protect slightly the first winter if planted late. They may be left undisturbed for twenty years or more. In planting set the crowns two inches below the surface. We pay the postage. the surface. We pay the postage.

WHITE PAEONIES

FESTIVA MAXIMA.—By far the finest double white Paeony. The flower is of immense size, perfectly globular, the guard petals being large while the inner petals are crimped. Color purest snow white with a few slight carmine marks in the center. A bloom of exquisite beauty and the favorite for bouquets and vases. Each 60c; dozen \$6.00.

QUEEN VICTORIA.—Very double, and compact; color flesh white, white center, petals are lightly spotted with red. A half dozen of these flowers make a magnificent bed. This is the popular variety for mass planting, owing to low cost, free flowering habit and popular color. Each 50c; dozen \$5.00.

COURONNE D'OR.—This is a peculiar variety in form, as the blooms are rather flat, but in the center is a tuft of white, with a few crimson splashes like Festiva Maxima. It grows medium height and blooms rather later than other white sorts. Strong and vigorous. Each 75c.

GOLDEN HARVEST.—This is probably the nearest approach to a yellow Paeony. Outer petals light blush, light yellow center. Very prolific, bearing flowers in clusters of three. Each 60c; dozen \$6.00.

MARIE LEMOINE.—A rare and a magnificent variety; flowers are enormous, opening a light blush pink, changing to white when flower is mature. It is a late bloomer. Very scarce and considered by specialists as the choicest Paeony in the list. Each 75c; dozen \$7.50.

TRICOLOR PAEONY BARGAIN

THREE DIFFERENT COLORS One white, one pink, and one red, our choice of varieties, but good plants and will produce good flowers. A real bargain this season. POSTPAID FOR \$1.25.

A vigorous, hardy, ornamental vine, for covering old trees, outbuildings, fences, etc. Produces the hops of commerce. Grows 50 feet high in a single season. Is ornamental and useful. Each 20c; dozen \$2.00.

WISTARIA

Department Flower Plant

We make a specialty of this department and claim to fill more orders for flower plants than any concern in the West. We have thirty-two large greenhouses besides a large number of steam-heated hot-beds and cold frames, thus giving us the largest amount of glass of any concern in central Iowa. We employ experienced florists to look after this branch of our business and all their time and attention is devoted to growing flower plants and bulbs exclusively for the mail order trade, as for this purpose they require special culture in greenhouses kept at a low temperature so that they will be hardy, healthy and vigorous. The plants thus grown are much better prepared for setting out in the open ground than those grown in the ordinary greenhouses which are kept at a high temperature. We are filling orders constantly from every state and also from various parts of Canada, Mexico, etc.

We Guarantee—That plants ordered from this list will reach purchasers in any part of the United States in good order if sent by mail or express.

Terms and Discounts.—At prices named we send plants postpaid except where noted. Orders must amount to at least 25c, for if of less amount they are filled at a loss.

IOWA SEED COMPANY,S THIRTY-TWO GREENHOUSES.

ASPARAGUS-Sprengeri.--Splendid for hanging baskets or pots. Droops most naturally, sending out numerous feathery fronds forming an exquisitely handsome and striking picture. ASPARAGUS PLUMOSUS (LACE FERN)

ASPARAGUS SPRENGERI (FEATHER FERN)

WE EXPECT TO PLEASE YOU WITH THE WELL GROWN, THRIFTY PLANTS WE SEND OUT

BEGONIAS

Begonias are greatly prized by lovers of house plants generally. Those listed here are among the most magnificient of all foliage plants, while many of the flowering sorts present a wonderful mass of blossoms, and all are beautiful.

ALBA PERFECTA GRANDIFLORA.—We doubt if there is a white-flowered variety that equals it. The foliage resembles Rubra in shape, but is lighter green, while the flower panicles are much handsomer. It is a pure, white flowering Begonia of much merit. Each 20c.

PICTA ROSEA.—A wonderfully free flowering Begonia of sterling worth and great beauty. The plant is very compact in growth, forming a dense, well proportioned bush with rich green foliage, spotted with silver. The flower is rosy flesh color, shaded with silvery pink, and enlivened with dense clusters of yellow anthers. It blooms constantly. Each 25c.

BEEFSTEAK.—(Warscewici.) The old-fashioned Beefsteak Begonia, with thick rounded leaves of deep green with red on reverse side. Each 20c

THURSTONII.—Stately with handsome glossy leaves. Remarkable foliage, under side of the leaves rich purplish red, with prominent veinings. Upper side bronzy green, shaded crimson and olive and a metallic luster Flowers rosy white, in clusters. Each 25c.

MADAM De LESSEPS.—Has very large leaves of silky texture beautifully spotted with silver. Flowers pink and white. Each 20c.

ARGENTEA GUTTATA.—Has purple bronze leaves with silvery markings. The flowers are white. A very vigorous, strong growing variety of the easiest culture and always satisfactory. Very popular. Each 25c.

One each of five following varieties: Argentea uttata, Metalica, Picta Rosea, Thurstonii and Marry Daw. POSTPAID FOR ONLY ONB DOLLAR Guttata, Metalica, jory Daw.

PICTA ROSEA

PROFUSION.—A new French variety of vigorous growth. Flowers are bright pink, produced evenly all over the plant. Ea. 15c.

MARGERY DAW.—A beautiful trailing sort. Bright salmon flowers in broad panicles. Green "angel wing" leaves. Each 20c.

ALBA PICTA.—Leaves of a glossy green color, thickly spotted with silvery white. Flowers white. Each 20c.

METALICA.—This elegant variety has very large leaves shaded with green, crimson and olive, with a peculiar metallic luster. Flowers clear pink, shaded white. Each 25c.

olive, with a peculiar metallic luster. Flowers clear pink, shaded white. Each 25c.

VERNON.—An excellent variety for pot culture. Flowers of pink, blush and brilliant red, foliage sometimes margined with bronze purple. Each 15c; dozen \$1.50.

MINIATA.—A beautiful variety of upright bushy style of growth; flower bright scarlet. They are very free flowering. Each 15.

scarlet. Each 15

HAAGEANA.—Flowers rosy pink, bright and attractive. Plant tall. Shrubby with hairs on stems and leaves. Each 25c.

hairs on stems and leaves. Each zoc.

PINK RUBRA.—A magnificent new specimen, exceptionally sturdy and vigorous, and unquestionably one of the choicest sorts in existence. Its flowers are large, perfect, and plentiful; never out of bloom. Color beautiful bright pink, Each 250

ARGENTEA GUTTATA BEGONIA

CALLAS

MAMMOTH WHITE.—Largest flowering variety and most majestic. It is of perfect flowering form, with large tropical appearing leaves of bright green color and yielding throughout the season a profusion of white flowers. Large bulbs, each 25c; 3 for 60c.

LITTLE GEM.—A perfect miniature Calla, growing eight to twelve inches high, producing beautiful snowwhite blossoms. Begins to bloom when only a few inches high, blooms summer or winter. Growing plants, each 15c; 3 for 40c.

CACTUS

CHRISTMAS CACTUS.—Epiphilium.—Also known as Lobster Cactus. Stems branching and hanging in bunches. The flowers are bright red; plant blooms free-

bunches. The flowers are bright red, plant buoths heely. Each 20c.

NIGHT BLOOMING CEREUS.—A gorgeous Cactus bearing abundant pure white blossoms measuring twelve inches across. A plant loaded with these flowers is a sight never to be forgotten. Blooms at night and is very fragrant. Better order one and call your neighbors to see it bloom. This is the true round-stemmed variety and not the common flat-leaved sort. Each 25c.

FLAT LEAVED CEREUS.—The common sort, similar to the above, except in form of stem. Each 20c.

CYPERUS

UMBRELLA PALM.—A very ornamental plant which throws up slender, round stems about two feet high, surmounted at the top by a whorl or flat, ribbon-like leaves, diverging horizontally. Should have abundance of water. Each 15c; large 25c.

and striking beauty. easily grown. Grows

Grows wild

CUPHEA PLATYCENTRA. - ar Plant.) — The - The oldgar Plant.) — The old-fashioned cigar plant with narrow, tubular flowers of scarlet tipped with purple. Popular because always in bloom; bright and at-tractive. Each 15c.

NIGHT-BLOOMING CEREUS.

CYCLAMEN

CYCLAMEN

GIANT FLOWERED .- Most beautiful and decorative of all what flowered.—Most beautiful and decorative of all or plants, for winter and spring blooming. Foliage broad, massive and graceful, of dark olive green, beautifully variegated with silver and rose. The immense, fairy-like flowers are carried on long stems and produced in profusion for several months; quite fragrant. Assorted colors. Each 30c; extra large size 50c.

DRACENA

INDIVISA. — (Fountain Plant.)—Quite generally listed among palms. It is a decorative plant growing about 2 feet high, with slender, drooping, green leaves, long and narrow. Each 15c; large 25c.

SOLANUM JASMINOIDES

A beautiful plant of climbing habit, attaining a height of three to five feet, but can be grown in bush form. Its flowers are star shaped and borne in clusters, large, pure white, with a violet tinge on the back of the petals and also on the buds. Each 20c.

FERNS

FLUFFY RUFFLES.—(Scholzeli.)—A new upright growing variety, darker and richer in color than any other fern in our list. Fronds are as finely cut as the other fern in our list. Fronds are as linely cut as the Whitmani or Elegantissima varieties, and exceeds either of these sorts in robust, hardy growth. The vigor, habit and color of this fern are so far superior to ordinary sorts that it will delight every lover of fine ferns. Each 25c; larger sizes 50c and \$1.00 each.

BOSTON FERN.—(Improved Sword Fern.)—This is a

wonderfully healthy, rapid growing and graceful house plant which has been in great demand everywhere, and plant which has been in great demand everywhere, and many people buy it in preference to the finest palms or rubber plants. Thrive in all rooms, gas or furnace heat does not seem to injure it. It is one of the most beautiful and useful of house plants, being of easy culture, and its swordlike fronds, on large specimens, attain the length of 5 to 6 feet, produced in bewildering mass, arching, curving and interlacing in every conceivable direction. Each 25c; larger plants 50 and 75c.

WHITMANI.—Combining all the graceful pluminess and charm of Elegantissima, with additional features of shape, size and growth that give it distinguishment and added commercial value. Whitmani is of more dwarf growth, and a wider, stockier shape. The fronds, although even more fine-cut, are more erect and less liable to revert to the original Boston type. Each 25c; large 50c; extra fine specimens \$1.00.

though even more fine-cut, are more erect and less liable to revert to the original Boston type. Each 25c; large 50c; extra fine specimens \$1.00.

ELEGANTISSIMA.—This is a sport from the well-known Ostrich Plume fern in which the plumy peculiarity of the original form is even more distinctly developed, the side pinnae being again subdivided, making both sides of the frond equally beautiful, while at the same time the plant is of much more compact habit, growing only one-half as tall, but with fronds nearly twice as wide, making it a

one-half as tall, but with fronds nearly twice as wide, making it a much more desirable plant. Each 25c; large plants 50 and 75c.

BABY'S BREATH.— (Goodeli.)—
An elegant small Ostrich Plume fern. Fully equal to the best of this type in pluminess and graceful form, but far more dainty and exquisite. The bright color, feathery fronds and elegant form make it a very notable specimen in a collection. Ea. 25c, large 50c.

FROND OF ELEGANTISSIMA FERN

BABY'S BREATH FERN

FLUFFY RUFFLES FERN

DAINTY SMALL FERNS

LACE FERNS.—A very graceful small growing variety. A form of the well-known Plumosus variety of Asparagus Fern. Each 20c.

MAIDEN HAIR FERN.—(Adiantum Cuneatum.)—Very

popular. The most graceful and useful of all for cut flower work. Each 20c. flower work.

FERN.—(Cryptomium Falcatum.)—Rather k, glossy green foliage. Quite easily grown, HOLLY broad, dark, glossy green foliage. Quite easily grown, very ornamental. Each 20c.

MOSS FERN.—(Selagnellia Emilliana.)—Also called Ly-

opodium. Has delicate lace-like foliage. Fine for fern

dishes and always beautiful. Each 20c.

CRESTED FERN.—Pteris Wimsetti.)—One of the most popular of the small ferns. Striking lanceolated foliage; Each 20c. upright growth.

DAGGER FERN.—(Aspidium Tsussimense.)—A minia-ire sword fern. Specially adapted to small ferneries

or fern dishes. Each 20c.

PHENOMENAL .- Enormous flowers, a single one measuring 3 inches across; sepals are bright scarlet, rich purple cosepals are bright scarlet, rich purple corolla, very double, flaked with red. Grows upright, strong and vigorous, making a handsome plant. Each 20c.

TRAILING QUEEN.—Of beautiful trailing habit. Fine for hanging baskets. Bright, rich scarlet and purple

kets. Bright, rich scariet and partifiowers. Each 20c.
BLACK PRINCE.—Of upright, robust growth and generally most satisfactory for the amateur, as it seldom fails to bloom profusely and grow to good form and symmetry. We once had a plant of and symmetry. We once had a plant of this variety in our greenhouse that grew a perfect shaped shrub fully 7 ft. high, loaded with fully 2,000 blossoms at one time. Tube and sepals bright carmine, sepals large and broad with pale green tips; large, violet pink corolla. Ea. 20c.

SUNRAY.—A novelty fuchsia with variegated foliage. Colors clear yellow, golden bronze, and red, are combined. Flower is pink or deep rose sepals with bright carmine corolla. Each 25c.

ROSAINES PATRIE.—Grand double white variety; should be in every home. Flowers are of enormous size, sepals bright carmine, with large, pure white, double corolla. Each 20c.

FUCHSIA GOLLEGTION

LAWN GRASS SEED

Nature Sows Lawn Grass Seed in the Fall

"Thank God for Grass! No other Glory vies
With the refreshing glory of the grass;
Not e'en the blue of the o'er bending skies,
Nor fading splendor when daylight dies,
Can this sweet smile of living green surpass."

beds seem insignificant. How important it is then to plan for the best lawn obtainable!
Considerable time may be saved by making your lawn in the fall, the ground at this season usually working up loose and mellow, and by sowing the seed in September or October, it will be well established before winter begins and make a beautiful green carpet over your ground very early in spring. Ask for circular, "How to Make a Lawn."

EVERGREEN MIXED LAWN GRASS SEED.—This is a mixture of the best varieties of grass seed suited for growing together and will make a beautiful, soft, velvety lawn of as handsome green as an emerald, and is formed of grasses which emerald, and is formed of grasses which keep green from early spring all through the hot, dry summer weather until late in the fall. It comes up quickly (about two weeks) after seed is sown, and once up it spreads to cover the ground and is ready for the lawn mower in six to eight weeks. It roots deeply on any soil and forms a dense, thick turf. This mixture is made only by us from new crop, recleaned, pure seeds of the best varieties, well suited for even and permanent growth, as good as money can buy. Price per pound (will sow 400 square feet, 50c; 3 lbs. \$1.40, postpaid. Not prepaid, 10 lbs. \$3.75.

TERRACE LAWN MIXTURE.—(Bu. 15 lbs.) It is very difficult sometimes to grow a good sod on sloping ground, terraces, side hills, or on embankments. This is a mixture of grasses, which have strong and spreading roots, making a close turf which heavy rains cannot wash out easily. Per lb. 60c; 3 lbs. \$1.50, prepaid. Not prepaid, 10 lbs. \$4.25. LAWN MOWERS and other lawn supplies.

WHITE CLOVER, "Iowa Shield" Brand .-The well-known common white clover is very hardy and its dwarf growth makes it desirable for lawn mixtures. Per lb. 75c; 3 lbs. \$2.00, postpaid.

KENTUCKY BLUE GRASS, "Iowa Shield" Brand.—(Bu. 14 lbs.)—Our stock of this is the best grade of fancy clean, new crop, tested seed. Lb. 50c, 3 lbs. for \$1.40, prepaid. Ask

for price in quantity.

SHADY PLACE LAWN MIXTURE.—For sowing under shade trees; a combination of grasses, which grow naturally in the woods, grasses, which grow hatther, and are of dwarf evergreen growth. Rake in a little air-slaked lime in such places being a little air-slaked lime in such places being a ground is sometimes "sour"

in a little air-slaked lime in such places before sowing as ground is sometimes "sour" in such spots. Per lb., 60c; 3 lbs., \$1.50, postpaid. Not prepaid, 10 lbs. \$4.25.

PEERLESS LAWN FERTILIZER.—You cannot expect your lawn to look fresh always when you are cutting a crop of grass from it every week. Lawn grass is a voracious feeder and requires fertilizer. Our Peerless Lawn Fertilizer is of the best quality, dry, finely pulverized and easy to apply. Use 10 lbs. for 1,000 square feet of lawn, or 400 lbs. per acre. Price per 10-lb. pkg., 60c, 25 lbs., \$1.00; 50 lbs., \$1.75; 100 lbs., \$3.25. Ask for circulars and prices.
